## Qualification Certificate

This is to certify that the product mentioned above, provided by

**Zumtobel Lighting GmbH**

has been awarded a Fraunhofer certificate TESTED DEVICE  
bearing the report number ZU 2511-1683.

The luminaire series CLEAN II Supreme Essential (color: white) was assessed in compliance with ISO 14644-14. When operated under the specified test conditions (room temperature:  $22^{\circ}\text{C} \pm 0.5^{\circ}\text{C}$ ; relative humidity:  $45\% \pm 5\%$ ), it is suitable for use in cleanrooms fulfilling the specifications of the following Air Cleanliness Class according to ISO 14644-1:

Test parameter(s)	Air Cleanliness Class
Structure-borne noise = approx. 50Hz	1
Overall result	

It should be noted that cleanrooms of Class 1 to 5 according to ISO 14644-1 have a higher filter occupancy, which may restrict the use of panel lighting systems. Cleanrooms with a horizontal displacement flow form an exception to this. The test result may be affected by the surrounding ceiling system.  
Please note: Transport damages, incorrect installation, aging behavior, corrosion etc. can influence the test result.
